GIS specialises in detecting new business opportunities and turning them into all-inclusive, people-oriented solutions.

GIS is a services company

It specialises in providing solutions for passengers who make use of airport facilities

We have created and managed leading Business Parks and Office Complexes

We are experts in the management and marketing of Congress, Convention and Meeting Centres.

We provide specific technological solutions for managing and marketing services and projects.

We create and implement own brands with an international focus through 360° marketing.

MISSION

Improving people's well-being through services and spaces by creating value and enhancing their quality of life.

VISION

To be a leader in services for airport travellers in the next ten years and achieve sustained annual growth rates of over 30% in the management and operation of real-estate facilities.

VALUES

- We are committed to customer service and attention, i.e., understanding and meeting their needs.
- Sustainable growth in all areas.
- People come first: customers, employees, stockholders, collaborators and suppliers.
- We generate added value and contribute value to everything we do.
- We foster lasting relationships with our customers. Loyalty.
- Passion for service, details and well-executed work.
- Continuous improvement and innovation as work methods.
- We systematically conduct customer-satisfaction surveys.
- A long-term focus with solid result from the word go.

OUR MAINSTAYS

HIGH-PERFORMANCE TEAMS

Our multidisciplinary staff's wide-ranging experience in different fields, puts us in a position to form high-performance teams to engage in new sectors of activity and take on new challenges.

CUSTOMER LOYALTY

We listen to corporate spokespersons and to what the market tells us. Our aim is to ensure full customer satisfaction, so service quality is of fundamental importance in achieving that aim. We provide services for people.

WE CREATE UNIQUE BRANDS AND EXPERIENCES

We create unique experiences and brands with their own personality and an international reach: Premium Traveller, iVolare, Vueling Pass, Hotel Món, El Greco Congress and Convention Centre.

Our identity rests on our brands and everything we do is designed to make them grow.

DETECTION OF OPPORTUNITIES

Our in-depth knowledge of the market and the services sector puts us in a position to detect opportunities and develop new products and services effectively, both locally and internationally.

OWN TECHNOLOGY

Our approach is based on innovation and own technology to offer the most appropriate and distinguishing operating, management and marketing solutions.

QUALITY AND CREATIVITY

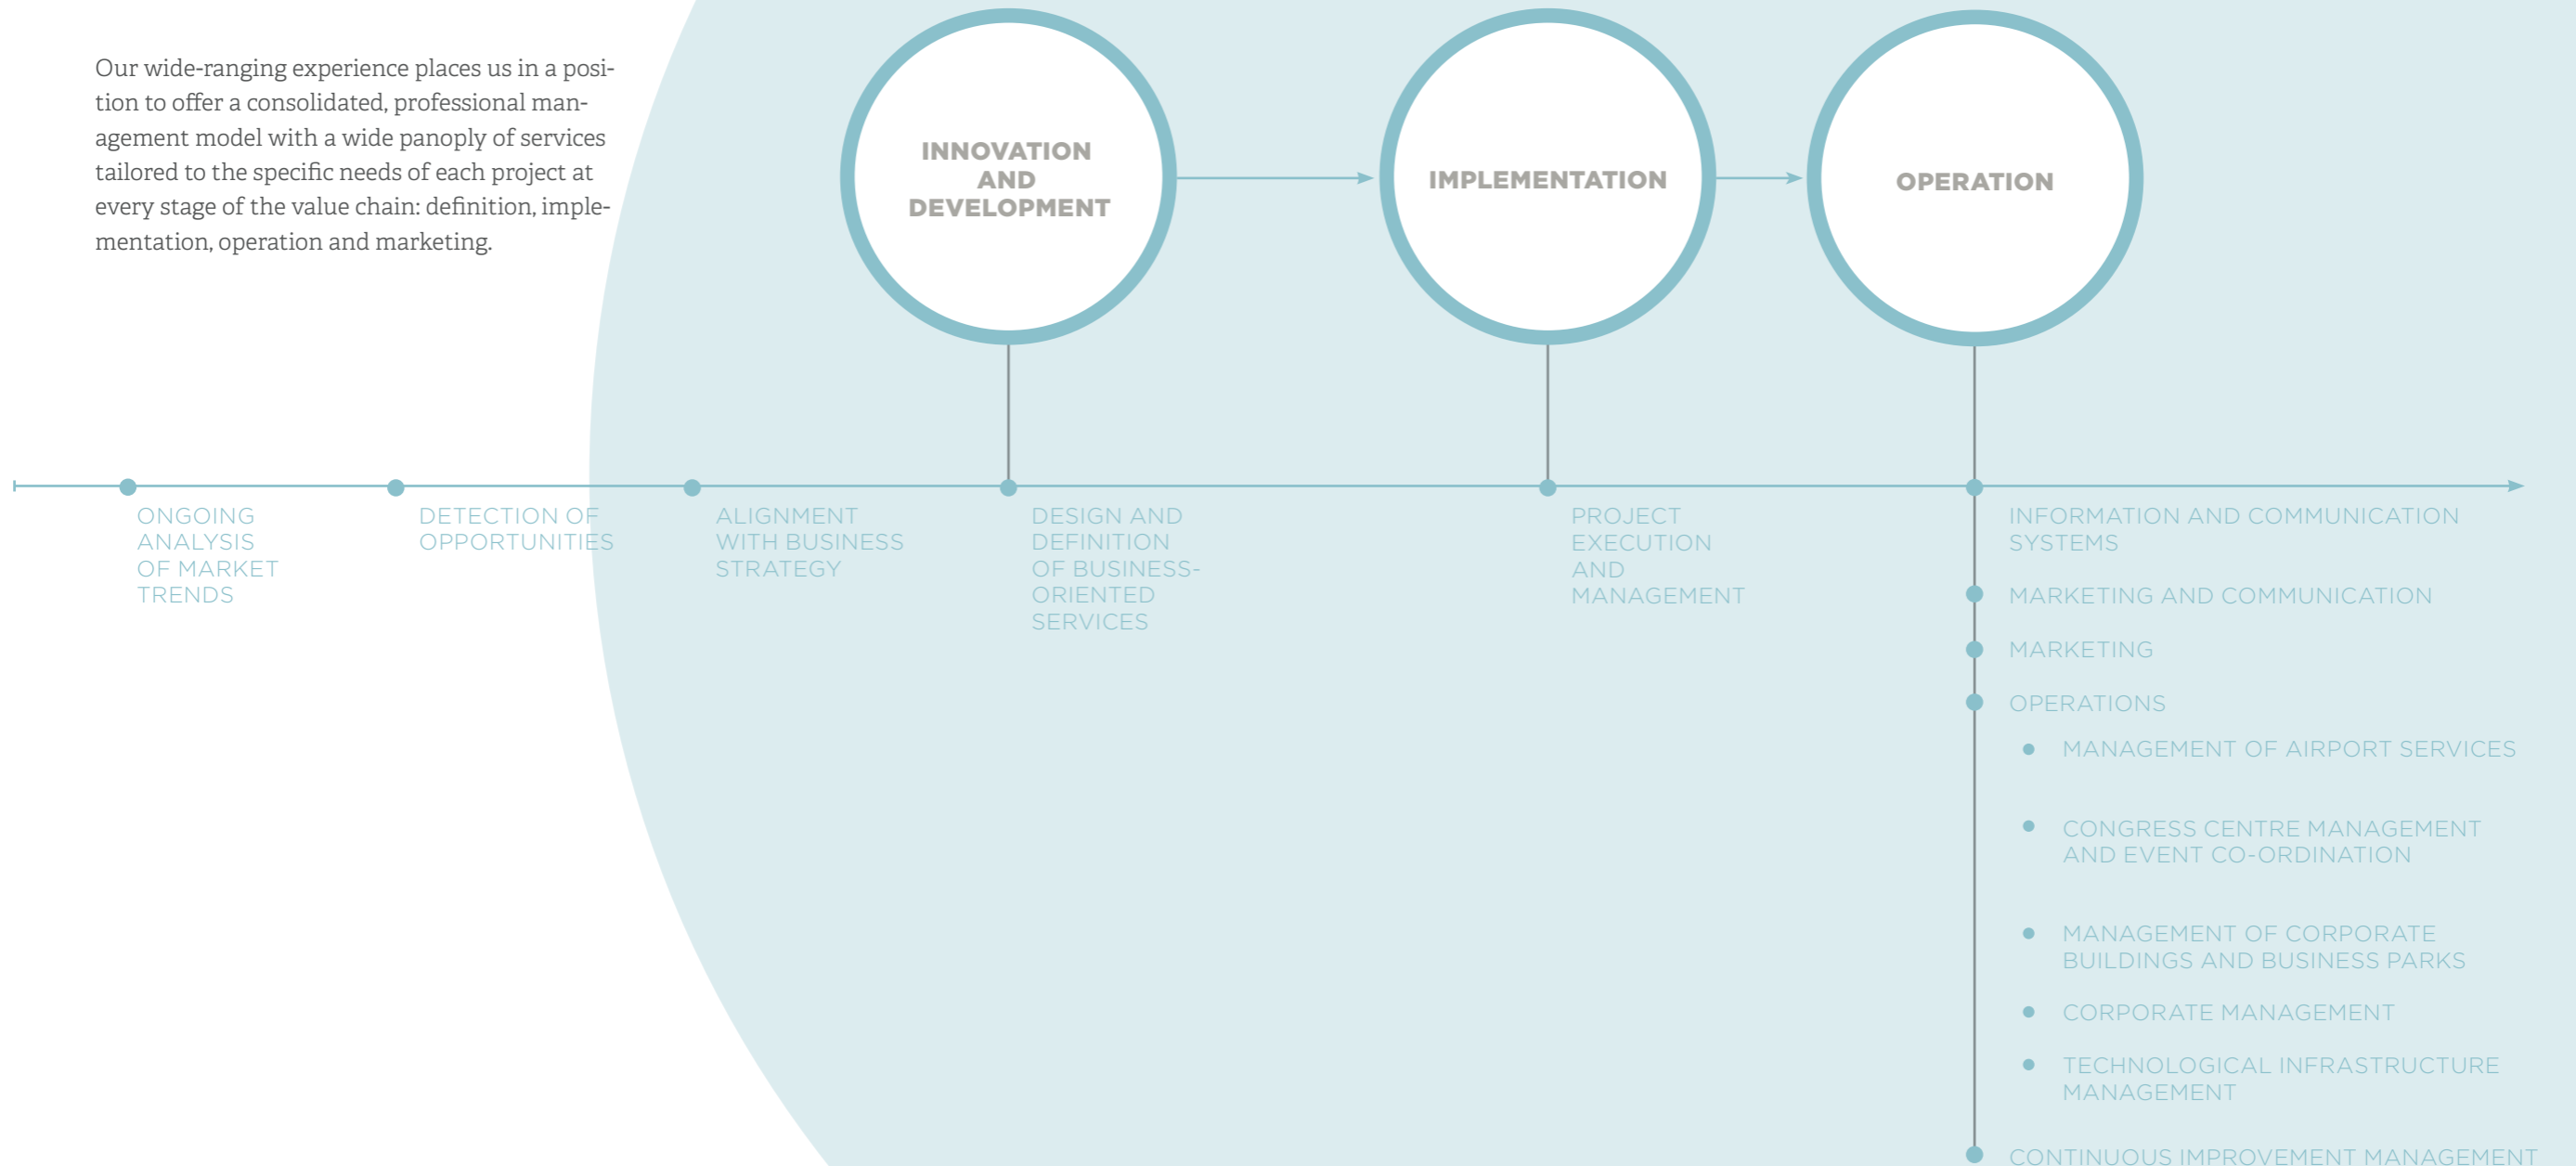

Our entrepreneurial spirit and devotion to excellence are the foundations for providing quality services to our customers.

SERVICES

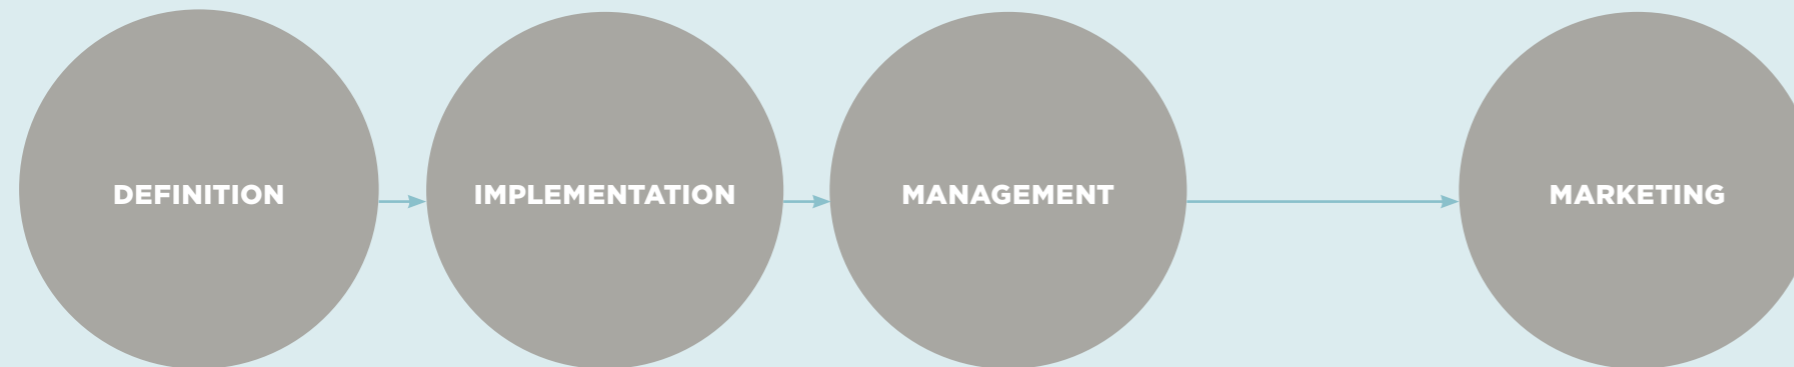

GIS's comprehensive management model promotes the distinguishing nature of the services we provide and offers added value to their users.

Our wide-ranging experience places us in a position to offer a consolidated, professional management model with a wide panoply of services tailored to the specific needs of each project at every stage of the value chain: definition, implementation, operation and marketing.

TECHNOLOGY AS THE ENGINE OF INNOVATION AND EFFICIENCY

We define, create and implement management systems that furnish original, effective solutions. Our vision is all-inclusive and customer-oriented.

Our aims in this regard are intelligent use of technology, innovation, development of synergies and efficient use of resources. We view technology as an enabling tool whose appropriate use enables us to provide differentiated services with greater added value.

ADDED PROFITABILITY

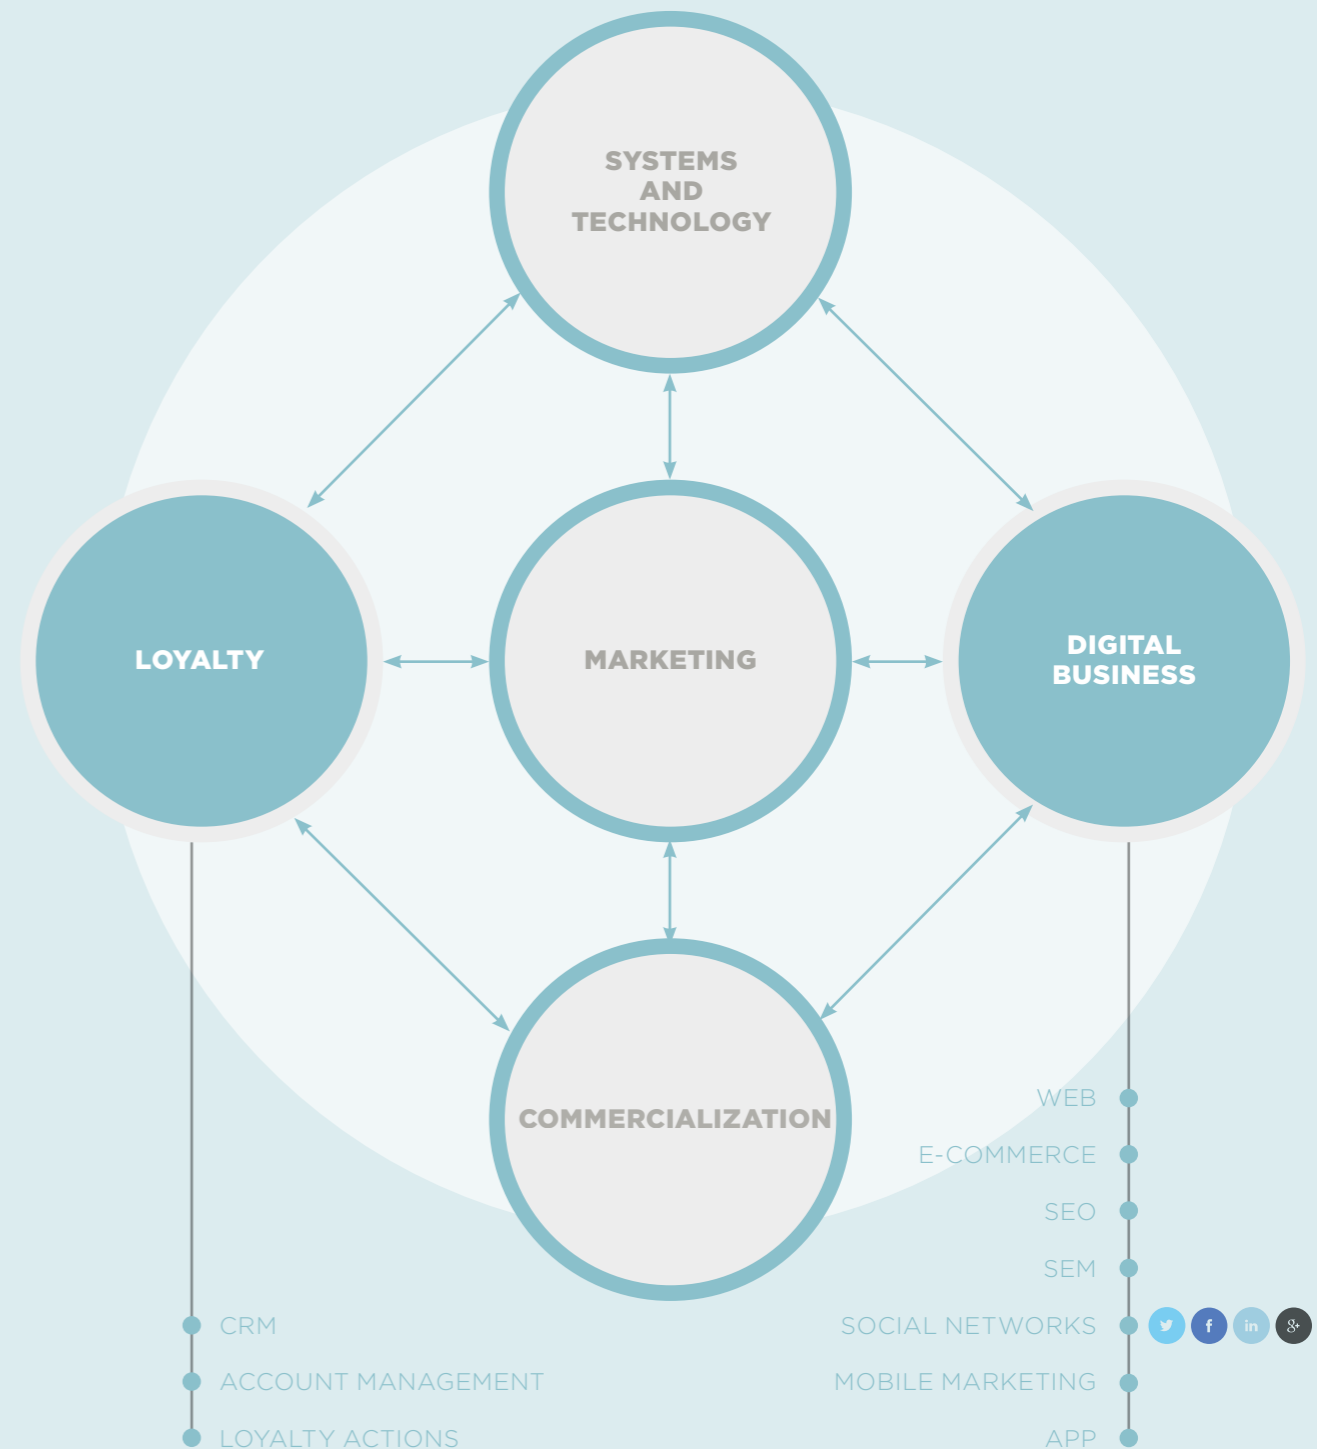

To ensure the smooth functioning of every project, GIS prepares, directs and conducts its marketing on the basis of rigorous market studies and sound selection of clients.

GIS's work teams specialise in commercial office networks, congress and meeting centres, and airport services, both locally and internationally.

WE CREATE BRAND EXPERIENCES AND FOSTER BRAND ENGAGEMENT

We create concepts and brands for the projects we work on, and give them their own personality. This provides clear market differentiation and positioning.

We draw on our extensive experience in the sector and combine all marketing and communication techniques to reach our customer-attraction and loyalty goals: Relationship Marketing, Digital Marketing, Mobile Marketing, Branding, Customer Intimacy, Inbound Marketing, Large Events, Media Relations...
